Memorandum

Date: May 17, 2016

To: Honorable Chairman Jean Monestime
and Members, Board of County Commissioners

From: Carlos A. Gimenez
Mayor 

Subject: Authorizing a Grant Application to the United States Department of
Housing and Urban Development for Homeless Continuum of Care
Housing and Services in the amount of \$36,500,000.00

Recommendation

It is recommended that the Board of County Commissioners (Board) ratify the County Mayor or County Mayor's designee's action in applying for funds totaling up to approximately \$36,500,000.00 from the United States Department of Housing and Urban Development (USHUD) for homeless Continuum of Care (CoC) housing and services; ratify the County Mayor or the County Mayor's designee's action in issuing a Request for Applications to select non-profit service provider sub-grantees; approve sub-grantees selected; and authorize the County Mayor or County Mayor's designee to receive and expend federal funds awarded, to execute grant and sub-grant agreements with the United States Housing and Urban Development, and to exercise modification, renewal and termination clauses contained therein.

Scope

If funded by USHUD, the services will be provided countywide through not-for-profit service providers eligible pursuant to applicable regulations and selected through a local competitive Request for Applications (RFA) process.

Fiscal Impact/Funding Source

The total amount anticipated to be received competitively for FY 2015-16 is approximately \$36.5 million. The 2015 Notice of Funding Availability (NOFA) was a tiered application. Tier 1 included 85 percent of the Annual Renewal Demand, the total of all the CoC's projects that will be eligible for renewal, plus new projects. Tier 2 included the balance of the Annual Renewal Demand (15 percent). Additional funding for two (2) new and three (3) reallocated projects, and a Planning Grant have been funded, adding approximately \$4 million in new and reallocated resources. It is also anticipated that the County, through the Homeless Trust, will provide Food and Beverage Tax match funding in an amount up to \$800,000.00 per year to programs serving the chronic homeless, using the Housing First model. Housing First is an approach that emphasizes stable, permanent housing as a primary strategy for ending homelessness. Housing First is an approach to ending homelessness that centers on providing people experiencing homelessness with housing as quickly as possible – and then providing services as needed.

Track Record/Monitor

Homeless Trust Executive Director Victoria Mallette will be responsible for overseeing the grants to non-profit service providers selected through the local RFA. The Homeless Trust is the

Collaborative Applicant for Miami-Dade responsible for the successful application, contracting, and monitoring of USHUD's Homeless CoC program funds since 1996.

Background

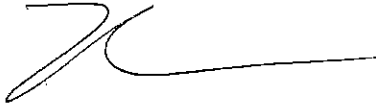

On an annual basis, USHUD announces the issuance of its NOFA for their CoC program's national competition, as authorized by the HEARTH Act, making funding available for homeless programs throughout the country. The NOFA for 2015 provides funding to local communities for the continuation and development of housing and supportive services to serve homeless individuals. Projects funded under the HUD-NOFA are required to match or leverage funding for support services. Match and leveraging are primarily passed onto, and provided by, the non-profit providers selected competitively and funded through this USHUD application. The NOFA application requires local communities to develop and submit a communitywide consolidated application for funding for housing and services for homeless persons that meet identified local needs, gaps, and priorities. This requires an annual analysis of the community's homeless housing and services inventory; the needs identified through countywide surveys of homeless persons; the result of the homeless point-in-time census; and project utilization information. The USHUD provides more favorable consideration for communities that use a coordinated and collaborative process to develop an application for funding. The USHUD announced the NOFA Tier 1 and Planning Grant awards on March 8, 2016, and anticipates announcing Tier 2 funding in the spring of 2016. All renewal Tier 1 projects were funded with increases to rental assistance, pursuant to changes to the fair market rent.

As it has for the past 20 competitive funding cycles, Miami-Dade County, through the Homeless Trust, will as the coordinating agency and the collaborative applicant for our community's homeless CoC application. The Homeless Trust's CoC Sub-committee, composed of representatives from organizations representing the different levels of the continuum and homeless sub-populations, advocacy groups, homeless persons, representatives from the other entitlement jurisdictions, and technical assistance providers, among others, meet to develop the local gaps, needs, and funding priorities for our County. Additional input is provided by homeless persons, service providers and staff, and public comment workshops that are held to obtain input from the community on the developed priorities. The recommended funding priorities are approved by the Homeless Trust Board (as the USHUD-recognized local CoC lead agency) on an annual basis.

Non-profit service and housing providers are selected through a RFA for inclusion in the application to USHUD for either renewal funding or new project funding. The RFA is duly advertised, a workshop is held for interested applicants, and a selection committee is appointed pursuant to standard processes. Sub-recipients submit local applications with federally-required program narratives, budget forms, and expenditure plans consistent with the priorities set forth in the RFA. The Homeless Trust Board has reviewed and approved the applications that were included in the local consolidated application to USHUD. This process has been successfully utilized for the past 20 annual funding cycles.

In 2015, the USHUD's NOFA application will provide for the creation of additional permanent housing units and continuation funding for currently-funded transitional housing, permanent supportive housing, and services-only programs (e.g. employment programs, outpatient mental health treatment programs, legal services, and homeless outreach). All of the housing and collateral services will be consistent with the County's CoC approach, as outlined in the Miami Dade County Community Homeless Plan and local Standards of Care.

It is anticipated that preliminary funding recommendations from USHUD will be made later this
